SUMMARY

I have exceptionally strong foundations in Programming, Engineering, and the remainder of STEM.
I'm looking forward to designing software that progress the world around us.

EDUCATION

University of Waterloo <i>Bachelor of Software Engineering (Honours, co-op)</i> Admission average: 99.67%	Sep 2026 – Apr 2031 (<i>ongoing</i>) Waterloo, ON
Vancouver Technical Secondary School <i>Summit mini school accelerated program</i> Entered High School one year early	Sep 2021 – Jun 2026 Vancouver, BC

PROJECTS (viewable on ruelsinha.com)

ruelsinha.com <i>React, Tailwind CSS, AWS S3</i> - Programmed and deployed website containing information and projects - Used Tailwind CSS and Motion.dev to effectively style pages - Used react.jsx to implement interactables and embedded files	2025 – Present
Ball Trajectory analysis <i>Differential equations</i> - Tracked and modeled the trajectory of a spinning ping pong ball as a function - Used multivariable calculus and 2nd order non-homogeneous differential equations - Matched trajectory while accounting for air resistance and spin	2025
Remote Controlled Sumo Robot - Mechanically engineered and built a shell for a gearbox - Used the torque of the gearbox's wheels to lift ramps on the robot's shell	2024
3D LED Cube - Soldered and and pressed circuit board - Programmed unique light pattern using Arduino IDE	2024
Multiplayer Snake Game - Programmed unique features using python - Engineered optimized code and runtime	2023

TECHNICAL SKILLS

Languages: Java, Python, C, JavaScript, HTML/CSS
Frameworks: React JSX, Node.js, Tailwind CSS
Developer Tools: Git, Google Cloud Platform, VS Code, Eclipse

EXPERIENCE

Math Tutor <i>Vancouver Technical Secondary School</i> Selected by school to tutor junior students in Math and Physics	2024 – 2026 Vancouver, BC
Elections Officer <i>Elections BC</i> Guided voters and carried out ballot processing	Oct 2024 Vancouver, BC

OTHER

SAT: 1570	2025
Violin	2022 – Present
Piano: level 6	2026
